

Sec. 2.4.1. COURSE AND DIPLOMA REQUIREMENTS

A student may graduate and receive a diploma only if:

1. The student successfully completes the curriculum requirements identified by the State Board of Education; or
2. The student successfully completes an individualized education program.

Education Code 28.025(c).

Sec. 2.4.1.1. Individual Graduation Committee

Without complying with the requirements discussed above, a student may receive a diploma if the student is eligible for a diploma as determined by an individual graduation committee (IGC).
Education Code 25.025(c-6), .0258.

For each 11th or 12th grade student who has failed to comply with end-of-course (EOC) assessment instrument performance requirements for not more than two courses, Life School shall establish an IGC at the end of or after the student's 11th grade year to determine whether the student may qualify to graduate. An IGC may not qualify a student to graduate before the student's 12th grade year.

The IGC shall be composed of:

1. The Principal or Principal's designee;
2. For each EOC assessment instrument on which the student failed to perform satisfactorily, the teacher of the course;
3. The department chair or lead teacher supervising the teacher(s) described above; and
4. As applicable:
 - a. The student's parent;
 - b. A designated advocate if the parent is unable to serve; or
 - c. The student, at the student's option, if the student is at least 18 years of age or is an emancipated minor.

Life School shall provide an appropriate translator, if available, for a parent, advocate, or student who is unable to speak English.

Education Code 28.0258(a)-(c), (c-2); 19 TAC 74.1025.

Sec. 2.4.1.2. Notice

Life School shall ensure a good faith effort is made to timely notify the appropriate person(s) described under Sec. 1-a, Item 4 of the time and place for concerning the IGC and the purpose of the IGC. The notice must be:

1. Provided in person or by regular mail or e-mail;
2. Clear and easy to understand; and
3. Written in English, in Spanish, or, to the extent practicable, in the native language of the appropriate person(s).

Education Code 28.0258(d).

Sec. 2.4.1.3. Eligibility to Graduate

To be eligible to graduate and receive a high school diploma as determined by an IGC, a student must successfully complete the curriculum requirements for high school graduation identified by the State Board of Education.

A student's IGC shall also recommend additional requirements by which the student may qualify to graduate, including:

1. Additional remediation; and
2. For each EOC assessment instrument on which the student failed to perform satisfactorily:
 - a. The completion of a project related to the subject area of the course that demonstrates proficiency in the subject area; or
 - b. The preparation of a portfolio of work samples in the subject area of the course, including work samples from the course that demonstrate proficiency in the subject area.

A student may submit to the IGC coursework previously completed to satisfy a recommended additional requirement.

Education Code 28.0258(f), (g).

The IGC will consider the criteria at Education Code 28.0258(h) and any other academic information designated for consideration by the Board in determining whether a student is qualified to graduate. After considering the criteria, the IGC may determine that the student is qualified to graduate. A student may graduate and receive a diploma on the basis of the IGC's decision only if the student successfully completes all additional requirements recommended by the IGC, the student meets applicable curriculum requirements, and the IGC's vote is unanimous. The IGC's decision is final and may not be appealed. *Education Code 28.0258(i).*

Sec. 2.4.2. GRADUATION REQUIREMENTS FOR STUDENTS ENTERING GRADE 9 IN OR AFTER THE 2014–2015 SCHOOL YEAR

Life School shall permit a student to enroll in courses under more than one endorsement before the student's junior year and to choose, at any time, to earn an endorsement other than the endorsement the student previously indicated.

A student must earn at least 26 credits to earn an endorsement, but a student is not entitled to remain enrolled to earn more than 26 credits.

Life School may award credit for a course a student completed without having met the prerequisites if the student completed the course in an out-of-state, an out-of-country, or a Texas nonpublic school where there was not a prerequisite.

19 TAC 74.11(i), (j).

Sec. 2.4.2.5. College Courses

Courses offered for dual credit at or in conjunction with an institution of higher education that provide advanced academic instruction beyond, or in greater depth than, the essential knowledge and skills for the equivalent high school course required for graduation may satisfy graduation requirements, including requirements for required courses, advanced courses, and courses for elective credit as well as requirements for endorsements. *19 TAC 74.11(h).*

A student who is unable to participate in physical activity due to disability or illness may substitute an academic elective credit in English language arts, mathematics, science, social studies or a course that is offered for credit as provided by Education Code 28.002(g-1) for the required physical education credit. A credit allowed to be substituted may not also be used by the student to satisfy a graduation requirement other than completion of the physical education credit. The determination regarding a student’s ability to participate in physical activity must be made by:

1. The student’s ARD committee if the student receives special education services;
2. The student’s Section 504 Committee, if the student does not receive special education services under Education but is covered by Section 504; or

5. The fine arts program may be provided on or off a school campus and outside the regular school day; and

6. Students may not be dismissed from any part of the regular school day to participate in the community-based fine arts program.

Life School shall require that instructors of the community-based fine arts program provide Life School, at its request, the information necessary to obtain the criminal history record information required for school personnel in accordance with 19 TAC Chapter 153, Subchapter DD, if the community-based program is offered on campus.

Education Code 28.025(b-9); 19 TAC 74.12(b)(7)(B), .1030.

Sec. 2.4.5.2. Transfers During Senior Year

Should a military student transferring at the beginning or during the student's senior year be ineligible to graduate from Life School after all alternatives have been considered, the sending district and Life School shall ensure the receipt of a diploma from the sending district, if the student meets the graduation requirements of the sending district.

Sec. 2.4.5.3. Passing Standard Substitutions

Life School may utilize a substitute passing standard adopted by the Commissioner on one or more national norm-referenced achievement tests for purposes of permitting a qualified military

dependent to meet that standard as a substitute for completing a specific course otherwise required for graduation. The passing standard is available only for a student who enrolls in a public school in Texas for the first time after completing the ninth grade or who re-enrolls in a Texas public school at or above the tenth grade level after an absence of at least two years from Texas public schools. Each passing standard in effect when a student first enrolls in a Texas public high school remains applicable to the student for the duration of the student's high school enrollment, regardless of any subsequent revision of the standard.
