Close the Opportunity Gap - Secondary

Close the Opportunity Gap - Secondary Summary

To provide opportunities for success as adults, all graduating seniors will be prepared for post high school life experiences as shown by their college entrance exams scores, military information overview, college prep course completion, CTE industry-based certification exams, or college prep course completion. Successful completion of college entrance exams, like the SAT and ACT, opens the door for students to have more options of colleges they can attend. Successful completion of TSI, community college entrance exam, opens the door for students to get an Associates degree or begin their Bachelor's degree. Students who complete, as shown on their transcript, an English or Math College Prep class can begin at a community college without qualifying TSI scores for one year before taking the TSI.

Close the Opportunity Gap - Secondary Strengths

Life School Oak Cliff offers several ways for student to either acquire their CCMR point or prepare to get it.

Problem Statements Identifying Close the Opportunity Gap - Secondary Needs

Problem Statement 1 (Prioritized): Per 2019 Accountability rating, LSOCS campus achievement score was 77%. **Root Cause:** PLC meetings are not structured to collaborate on student achievement and behavior, or make an impact on student/teacher growth and development based on content or grade level. Everyone in a department does not have a common planning period. Teachers are not all from the same grade level so that teachers can service students in a meaningful way.

Problem Statement 2 (Prioritized): Per 2019 Accountability rating for 2019, LSOCS CCMR score was 89%. **Root Cause:** Low number of students are getting their CCMR point through SAT, ACT, TSI scores and CTE Cert exams. There needs to be more courses added to the master schedule to help students increase reading and math scores for CCMR.

Problem Statement 3 (Prioritized): Per 2019 Accountability Rating, LSOCS scored 19% Reading & 23% Math at the meets level for SPED **Root Cause:** Special Education teachers had lack of access to data monitoring with the special pop, training, and time with instructional leadership to implement rigorous curriculum and interventions.

Problem Statement 4 (Prioritized): Per the Fall 2019 Q12 Survey, 32% of LSOCS staff answered with a 5- strongly agree to Q02: "I have the materials and equipment to do my job right". **Root Cause:** Staff and students need resources, supplemental materials, and technology that is up-to-date and working at capacity for planning, instruction and engagement of students. Technology such as but not limited to chromebooks are damaged, broken and worn out over time. Inadequate room assignments and use, storage space, fixtures, room size, network connectivity, and supply budgets are factors.

Problem Statement 5 (Prioritized): Per the Fall 2019 Q12 Survey, 53% of LSOCS staff answered strongly agree to Q12: "This last year, I have had opportunities at work to learn and grow." **Root Cause:** Meaningful professional development that is specific to core subjects, fine arts, general electives, and SPED is needed.
