## Travel Notice

On January 21st, President Biden issued an [Executive Order](#) that requires anyone who travels outside of the United States to obtain a negative COVID-19 test prior to boarding a flight to return home and follow [CDC guidelines](#) for quarantine. These guidelines state that all individuals who have traveled internationally should obtain an additional COVID-19 test 3-5 days upon return and quarantine at home upon arrival for 7 days. If individuals do not obtain a COVID-19 test 3-5 days after travel, they should quarantine for 10 days.

We are aware that some families may have travel plans for spring break or otherwise. If your student is an in-person learner and is taking an international flight, please contact your [campus registrar](#) to inform them of your travel plans. Students who have traveled internationally will be asked to transition to remote learning during the quarantine period.

Thank you for your patience and understanding as we continue to protect the safety of our students and staff.

## Covid Dashboard

We recognize the importance of transparency and want to ensure our staff and families have access to important information regarding COVID-19. The district will be providing the numbers of lab-confirmed positive COVID-19 cases as well as the recovery status of those cases on a weekly basis in the COVID-19 dashboard located [here](#). Cases will also be communicated via email directly to the employees and parents of affected campuses.

## TEA and Federal Report Card Notice

Each year the Texas Education Agency provides a School Report Card which contains information regarding student performance on the State of Texas Assessments of Academic Readiness (STAAR®), as well as information on student enrollment, class size averages, and financial expenditures. Due to the COVID-19 pandemic, the STAAR testing requirement was waived last school year and therefore, no letter grade ratings were issued for the 2019-2020 school year.

In addition to the TEA School Report Cards, Federal Report Cards for the state, the district, and each of the district's campuses are also now available on the district's website. All reports can be viewed [here](#). You may also contact your student's campus to request a paper copy.

At Life School, we recognize that while test scores are important, we are committed to helping students become leaders of character from the inside out, who are ready for life at any stage, with or without accountability ratings. Life School takes a holistic approach to learning. By focusing on the whole child, we ensure our students are ready for life whether that's elementary, middle, or high school, college, career, and beyond. We recognize the importance of consistency and encourage families to stay at Life School through high school to ensure the best outcomes for their child. Data shows that student performance increases the longer students stay within our school system.

Thank you for your partnership in developing students who are Ready to Learn, Ready to Lead, and Ready for Life.

# LifeLeader

## Self-Managed

When you are ready for life, you take responsibility for your own behavior and actions. You know when you should change your behavior for the well-being of others around you. You are able to be in control of your body, thoughts, and emotions. By doing these things, you are using the LifeLeader attribute, SELF-MANAGED.

READY FOR LIFE  
#Self-Managed

“I will **manage** myself by taking responsibility for my own behavior and knowing when it needs to change.”

- By creating good habits.
- By controlling my thoughts and actions.
- By controlling my body language, facial expressions, and tone of voice.
